# The Good Trouble CLUB

Growing Together

A PIAPI EXPERIENCE

*Find your people. Find your thing. Make something better.*

Gather your crew, find something in your community worth caring about and dream up a way to make a difference. Big production? Not required. A little ingenuity and a willingness to pitch in? Perfect.

## 01 Find Your Thing

What could use a little love in your community?

A neglected garden? An understocked pantry? A local organization doing wonderful work?

**Start with curiosity.**

Ask questions, listen and find out what's actually needed.

## 02 Assemble Your Crew

Bring together friends, family members, neighbors or people from different generations.

Who's the organizer? The artist? The problem-solver? The person who can work miracles with cardboard and determination?

**Everybody brings something.**

## 03 Put Your Pretty to Work

Choose a doable project and make it your own.

### The Bloom Brigade

Help refresh a community garden or plant something beautiful.

### The Bookish Bunch

Organize a book collection with a local literacy partner.

### The Little Luxuries League

Assemble thoughtful care packages based on a local organization's needs.

### The Talent Exchange

Share skills through a free workshop or community gathering.

## 04 Make It Happen

Divide responsibilities, gather supplies and coordinate with your community partner.

**Keep it manageable.**

Small contributions count.

## 05 The Good Trouble Debrief

Gather your crew and trade stories.

What surprised you? What did you learn from someone else? What would you do differently? And what's next?

## PIAPI Perspective

*Making the world a little prettier has surprisingly little to do with lipstick.*

*Pretty is a practice.*

*Participation note: Choose age-appropriate roles and activities. Adults should coordinate necessary permissions and supervision for minors.*
